

- 1.Explain iot levels and deployment templates 1,2,3
- 2.Explain iot levels and deployment templates 4,5,6
- 3.Explain overview of microprocessor and microcontroller
- 4.Explain iot key features,advantages,disadvantages
- 5.Explain iot hardware,software.
- 6.Explain domain specific iots:home automation,cities,environment
- 7.Explain domain specific iots :energy,retail,logistics
- 8.Explain architecture reference model
- 9.Explain the iot functional model
- 10.Explain iot protocols in brief :6LowPAN,RPL,CoAP,MQTT.
